## Histotechnician Professional Study and Alternatives to Professional Study of Clinical Laboratory Technology

To be certified as a Histotechnician in New York State, you must meet the education or alternative to education requirements by meeting **ONE** of the five criteria below:

 You are currently certified as a Histotechnician by the American Society for Clinical Pathology (ASCP) Board of Certification with the ASCP (HT) or ASCPi (HT) credential.
Note: If you meet this criteria, DO NOT USE Form 2. Use ASCP's online system to submit verification of your certification to the Department to document meeting this criteria.

#### OR

You are licensed and in good standing in West Virginia as a Histologist.
Note: If you meet this criteria, DO NOT USE Form 2. Use Form 3 to document meeting this criteria.

OR

3. You graduated from an associate degree histotechnician program (or a similarly named program) while the program was fully accredited by the National Accrediting Agency for Clinical Laboratory Science (NAACLS) as a histotechnician or histotechnology program at the time you graduated.

### Note: USE Form 2 to document meeting this criteria.

OR

4. You graduated from an associate or higher degree histotechnician program registered by the Department as licensure qualifying at the time of graduation (A list of licensure-qualifying programs can be found on the Inventory of Registered Programs available at <u>http://www.nysed.gov/heds/IRPSL1.html</u> under "HISTOLOG TECHN"). Note: USE Form 2 to document meeting this criteria.

OR

5. You graduated from a program that is determined by the Department to be "substantially equivalent"\* to a registered program in that leads to licensure as a histotechnician.

Note: USE Form 2 to document meeting this criteria.

OR

You are a provisional permit applicant who needs to document the education required to apply for a provisional permit. Note: USE Form 2 to document meeting this criteria.

\*See next page for the definition of an equivalent program.

### Substantial Equivalence

If you are applying for licensure as a certified histotechnician and using this form to document that you meet the requirements for education under criteria 5, be sure to include a copy of this page with your form 2 when submitting it to your education institution for completion.

For a program to be determined substantially equivalent to a registered histotechnician program, it must lead to an associate or higher degree and be designed and conducted by a degree-granting institution to prepare students for professional practice as a certified histotechnician. In addition, the program must meet all criteria described below to the satisfaction of the Department;

Provide didactic and clinical education that integrates pre-analytical, analytical, and post-analytical components of laboratory services, including the principles and practices of quality assurance/quality improvement;

- a. include didactic and laboratory coursework in each of the following subject areas (or equivalent subject areas) as determined by the Department:
  - 1. inorganic chemistry;
  - 2. anatomy and physiology
  - 3. histology, to include microscopic analysis
  - 4. histological techniques, to include microtome techniquest, chemistry of stains and staining techniques
  - 5. infection control and universal precautions
  - 6. ethics; and
- b. include a supervised clinical experience of at least 30 hours per week for at least 8 weeks (i.e., 720 hours) in histotechnician practice or its equivalent.
